SUMMARY

Backend engineer for payments and ledger systems, writing Go and PostgreSQL. I like boring systems that keep working at 3am, and the numbers below are why.

WORK EXPERIENCE

- Backend Engineer**
Kopi Ledger

Mar 2022 — Present
Remote

 - Cut settlement reconciliation from 3 hours to 12 minutes by batching ledger queries.
- Software Engineer**
Pasar Cepat

Jul 2019 — Feb 2022
Jakarta, Indonesia

 - Built the order webhook pipeline that handled 40k events a day.

PROJECTS

- pgbatch**

github.com/ratna-example/pgbatch

 - Small Go library for batching Postgres writes.

EDUCATION

- Institut Teknologi Contoh**
BSc Computer Science

2019

SKILLS

- Languages:** Go, TypeScript
- Databases:** PostgreSQL, Redis
